

Hand Control Wireless HC30 Data sheet

HC30 Wireless

The Hand Control HC30 wireless is designed for control of leisure beds with TWINDRIVE® or CBH Advanced systems. It has a contemporary design that matches the trend within interior design. The HC30BL combines ergonomic design and functionality into a user-friendly hand control without any annoying cable. As standard the HC30BL offers memory of favourite positions, backlight in the buttons for extra user-friendliness, Under Bed Light and torch function.

Features:

- Hand control controlling 4 channels
- Easily operated by both left and right-handed persons
- Colour: Black (RAL 9005)
- Bottom part in black rubber for a great grip
- Backlit buttons for intuitive use
- Simultaneous drive up and down
- Up to 3 favourite positions
- Torch function
- Under Bed Light
- Metal plate for magnetic attachment to the bed
- Based on Bluetooth® Low Energy Technology
- PVC-Free™
- 2 x AAA batteries (not included), replaceable

Options:

- Customised silk screen printing on cover
- Customised colours on top and bottom parts

Simultaneous drive

With this hand control it is possible to run the motors up/down simultaneously. If the system has more than two motors, they will run sequentially as maximum two motors can run at a time. The simultaneous drive can be configured to run either two motors or one motor at a time and also the order in which the motors run can be configured.

Dimensions [mm]:

Ordering example:

* Only in combination with 3 channels

Note:

- For special items, the minimum order is 272 pieces
- For special items, the orders are always made in multiplies of 68 pieces
